

# A FRAMEWORK TO LISTEN TO CHILDREN'S VOICES

Using the Mosaic approach in participatory research

1

Children are capable communicators and are able to make sense (Mazzoni & Harcourt, 2013)

Photo by Leo Rivas on Unsplash

2

Children's opinions and ideas should be heard and taken into account in matters that affect them (United Nations, 1989)

3

Children know a lot about their own lives and matters that affect them (Clark & Statham, 2005)

Photo by Joel Overbeck on Unsplash

Children's opinions are not more important than adults, but they should be able to voice their concerns and wishes which can be taken into account when decisions are made that affect them (Clark & Moss, 2005).
